'Grendale' G gauge layout. Our [elevated garden layout](#) has two 80 m dual mainlines with four double-ended sidings.

HO/00/HO3.5 layout. This has an 85 m double mainline on the bottom deck with a helix up to a similar-sized top deck. It includes a staging yard for each scale with numerous sidings, industries and passenger stations.

HO/00/HO3.5 scale exhibition layout. A new 8x2 m layout is under construction. It includes HO and narrow gauge mainlines.

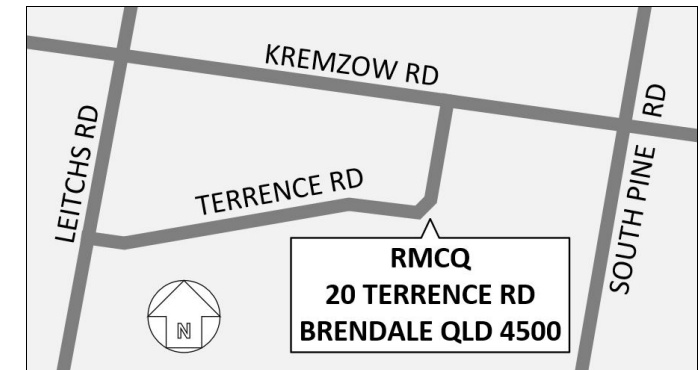

N scale layout. Construction started in mid-2017. The [bottom deck](#) with a 28 m, 4-track mainline is complete including extensive scenery. Construction of the [top deck](#) with a 75 m mainline and [wharf area](#) is well advanced. There is provision for a third deck in the future.

'Pine Rivers' N scale exhibition layout. This 8x2 m layout is a popular exhibit on the train show circuit. Its 3-track mainline winds through open and hilly country. With a shunting area and passenger shuttle, the layout can run eight trains simultaneously to keep the crowds entertained.
