### Bylaw 10 – Keys and Security

#### Introduction

During 2019 and 2020, five incidents at the RMCQ involving break-ins, theft or vandalism were reported to the police. Over the years there have been some thefts of items from the grounds and clubrooms, as well as medical and welfare-related incidents where it would have been beneficial to see what had happened to members. Thefts and vandalism increase insurance premiums, reduce the funds available for club activities, increase members' workloads and erode the trust that exists between members. Security systems have the potential to improve the safety and welfare of individual members. Consequently, as suggested by the Police, an Access Control and Alarm system (AC&A) and Closed-Circuit Television system (CCTV) were installed. Use of these systems must be controlled to balance security, privacy, safety and welfare. This Bylaw outlines the security arrangements that are to be adhered to by all members and visitors. Entry to the RMCQ buildings and grounds is subject to this Bylaw.

#### Rules of Association reference 22

#### Bylaw

1. **Appointments.** The Management Committee is to appoint a Security Coordinator who is responsible for overseeing the AC&A, CCTV, access codes, keys and general security. A Key Coordinator may be appointed to assist the Security Coordinator.
2. **Keys.** A key register and issue book are to be maintained for all Club keys. Keys not on issue are to be secured in a locked container. Members are to promptly return keys when they no longer have a valid need for them or are directed to do so by the Secretary.
3. **Front door access.** Ordinary, Senior, Country and Life members, but not Associate or Honorary members, may be issued a front door key (which also opens the front gate and some padlocks) plus an AC&A access code as follows:
  - a. Members, after 6 months as a financial member, may apply to be issued with a key and access code, by completing the applicable form.
  - b. The request will be considered at the next management meeting.
  - a. Prior to issue of the key and access code, the member must demonstrate:
    - (1) the club opening and closing procedures to the Security Coordinator or an appropriate Management Committee member.
    - (2) The start-up and shutdown procedures for the layout(s) normally used by the member, to the Layout Coordinator(s) or another appropriate member.
  - c. The Management Committee may rescind key and code issues as they see fit.
  - d. A fee of \$10.00 will be levied on the issue of the club key and on any subsequent issues. These are non-refundable.
  - e. All keys issued must be returned upon resignation or termination of membership, when membership fees are more than two months overdue, or when directed by the Secretary.

4. **Opening the club.** The member who unlocks the club front door is to immediately disarm the AC&A system. The AC&A also needs to be disarmed before the trailer shed is opened.
5. **Entering the club.** All members and guests must enter their name and arrival time in the club attendance book by the front door each time they attend the club. When leaving they are to enter their departure time. Visitors must also do this except during large, organised events such as buy & sells.
6. **Closing the club.** A member with front door access must be present at all times while the club is open. When the last remaining member with front door access decides to leave, all other persons present must also leave. That member must ensure that: the fridges/freezers, AC&A and CCTV are left on; the security lights are left on sensor (ie. not permanently on, but able to be illuminated if an intruder is detected), layouts are closed down; all other lights, fans and electrical items are switched off; all doors and windows are locked; all persons have left the premises; the shed is locked; the AC&A is armed; and the front gate is locked.
7. **AC&A.** This system will sense entry into and movement within the clubhouse and trailer shed. Unless disabled with an access code within a short period, it will initiate an alarm and flashing light, and send an alert to offsite monitoring personnel. It also records a log of who has disarmed and armed the system. The Security Coordinator is to manage codes for this system. When a person is issued a front door key, they are also to be given a unique access code which they will normally retain while they remain a financial member. Members are not to communicate their codes to other persons. Individual access codes are to be changed if compromised, and cancelled for members who have fees more than two months overdue, are unable to be contacted, resign from the Club or when directed by the Management Committee.
8. **CCTV.** This system may record movement in all areas inside and outside of the club except the toilet. It operates continuously, day and night, and is not to be switched off. Current and stored videos may be viewed by offsite monitoring staff if an alarm is initiated.
9. **Access to AC&A and CCTV data and videos.** The AC&A and CCTV are to be protected by passwords and/or locked containers to control access to data and stored videos. Real-time CCTV videos may be displayed on the monitor in the office (DCC programming room) and viewed in real-time by persons in that area. AC&A and CCTV data and stored video will be used by the Club to monitor and investigate matters involving theft and other crimes, security, attendance, compliance, behaviour, health, safety and welfare. Access to data and stored videos is to be limited to the following people:
  - a. The President, Vice President, Secretary, Treasurer and Security Coordinator.
  - b. Staff of security firms contracted to provide monitoring.
  - c. Club members who have been tasked by the Management Committee to monitor the systems or respond to alarms.
  - d. Police.
10. **Responding to alarms.** Members are to exercise extreme caution and common-sense if responding to an alarm. The safety of individual members is paramount. Call 000 if a break-in or graffiti attack is underway. If driving to the club to investigate a possible night incident, the use of high-beam headlights from Terrence Road and the driveway of the storage company next door would allow members to remain in their locked car and avoid investigating on foot. Members are not to place themselves in danger.

11. **Safeguarding Club property.** Most club property is accessible to all members. The Management Committee may limit access to specific items, particularly items that are valuable or more likely to be stolen. Similarly, coordinators (see Bylaw 13) may control access to items that they are responsible for. Access to the trailer shed is to be restricted to those that require access.

## Railway Modellers' Club of Queensland Inc.

### Bylaw 13 - Coordinators and Procurement Process

#### Introduction

The Management Committee (hereafter referred to as the Committee) is elected by a General Meeting of the Association (hereafter referred to as the Club) to manage the day-to-day activities of the Club as detailed in the Rules of Association.

The Club has many areas and activities that must be continually managed. The Committee does not have the capacity or knowledge to manage all of these in detail, hence Coordinators are appointed to manage specific areas and activities under supervision of the Committee. This also allows informal sub-groups, for example the HO modellers, to have appropriate control of the aspects of the Club that they are most involved with and have the greatest knowledge of. Areas and activities that do not have a Coordinator appointed are managed in detail directly by the Committee, for example funding, accounting, investments, loans, leases, insurance, membership, the annual calendar and overall coordination.

The Club has only limited funds available each year to maintain and develop the model railway layouts and facilities, and conduct activities. It is essential that these funds are apportioned fairly and spent wisely to ensure the best result for members. Procurement processes are a key element of this.

**Rules of Association reference**     4, 22, 45, 47, 48

#### Bylaw

#### Coordinators

1. Coordinators will be appointed by the Committee. The quantity and areas they are responsible for will vary, but typically might include those in the table below:

<b>Coordinator</b>	<b>Remarks</b>
G Gauge Club Layout Coordinator	
HO Scale Club Layout Coordinator	
HO Scale Exhibition Layout Coordinator	
N Scale Club Layout Coordinator	
N Scale Exhibition Layout Coordinator	
Small Display Layout Coordinator	Might also be a U-drive layout
Building, Grounds and Repair & Maintenance Coordinator	
Tools and Consumables Coordinator	Includes all tools, blades, drills, etc. Glues, paint, etc that are primarily for a specific layout are to be purchased through that layout Coordinator. Consumables that are for general use may be purchased through this coordinator.

<b>Coordinator</b>	<b>Remarks</b>
Library Coordinator	
Annual Exhibition Coordinator	These two functions are sometimes combined, or managed directly by the Committee.
Buy & Sell Coordinator	
Annual Exhibition Canteen Coordinator	
Security Coordinator	
Raffle Coordinator	
Sausage Sizzle Coordinator	
General Expenditure Coordinator	Other minor, routine expenditures not listed above.

2. Coordinator responsibilities:
  - a. Manage and coordinate all aspects of their areas.
  - b. Report to the Management Committee on their area on a regular basis or as required, and in a manner determined by the Management Committee. Coordinators are encouraged to attend Management Committee meetings.
  - c. Manage the expenditure of their pre-approved budget, if any, in accordance with the procurement process below, as it pertains to their areas of responsibility.
  - d. The HO Exhibition, N Scale Exhibition and Small Display layout Coordinators are delegated authority to submit applications to attend those exhibitions that have been approved by the Management Committee for attendance on the annual activity schedule. The Coordinators should canvass members to make an estimate of numbers who will attend and submit the application to attend in accordance with the format requested by the organising club before the closing date for applications. A copy of the application is to be forwarded to the Secretary for filing.

### **Procurement**

3. The procurement process described below provides flexibility to Coordinators, while maintaining adequate oversight by the Committee and positive cash flow within the Club. The procurement forms mentioned in this Bylaw are available on the Club website.
4. The Club budget is maintained by the Treasurer and approved by the Committee. It includes the monthly and overall funds allocated to each Coordinator and other areas managed by the Committee. Adherence to the budget is essential to ensure that the Club's day-to-day bank account can remain in credit. Coordinators can effect changes to their budgets as follows:
  - a. Budget changes that do not increase the total amount allocated to a Coordinator (eg, moving amounts between months to cover unforeseen opportunities, problems or underspends) can be approved out-of-session by the President, Secretary or Treasurer, plus one other Committee member. The Treasurer will check that the changes can be accommodated within the Club's cash flow and adjust the budget.
  - b. Budget changes that require an increase in overall funding require Committee approval (Steps 1-3 below). A funding Request (Form 38) might also be required.
5. Monthly budgets are not allocated on a "use it or lose it" basis. It is accepted that underspends will occur, and these will normally remain within the area that they are allocated to. Coordinators should consult with the Treasurer regarding what future months underspends are to be moved into.

6. The following purchasing process is to be followed:

Note 1. Steps 1 and 3 are not always required. See the paragraphs below.

- b. **Step 1 - Consult and develop the requirement.** Omit this step for simple purchases. Any member of the Club may develop a requirement. Ideas should be discussed and developed with the relevant individuals and informal groups before proceeding. Different methods of achieving the result should be considered. Those requirements that pertain to a specific area should be developed through the relevant Coordinator. Any member is entitled to raise an issue with a Coordinator, at a monthly Club meeting or with the Committee.
- c. **Step 2 - Get quotes.** Competitive quotes should be obtained to ensure the best value for money. While this normally means the cheapest overall price, factors such as quality, appropriateness, convenience, availability and genuine urgency (as opposed to lack of foresight and planning) might justify paying a little more. The comparison of quotes should include extras such as fees, postage and delivery. If practicable, three quotes are preferred. These might be any combination of formal written quotes, telephone quotes, websites and magazine advertisements. Items that have been purchased recently under competitive quotes may be repurchased without quotes. Common-sense should prevail.
- d. **Step 3 - Request additional funding.** Omit this step if funding has already been approved by the Committee, either directly or within a Coordinator's budget. If not:
- (1) For simple procurements use a Request for Purchase/Reimbursement (Form 03).
  - (2) For more complex procurements provide additional information such as a Request for Funding (Form 38).
- e. **Step 4 - Get purchasing approval / authorisation.** All expenditure is approved by the Committee as follows:
- (1) Routine expenditure is approved by allocating monthly budget limits to individual Coordinators. Coordinators may then authorise expenditure within these limits for items relevant to their areas only, using a Request for Purchase/Reimbursement (Form 03). Members are not to purchase items until they have this authorisation from the relevant Coordinator.
  - (2) Other expenditures are considered at committee meetings with approvals included in the meeting minutes.
- f. **Step 5 - Conduct the purchase.** The Club has no preferred suppliers. Purchases should be through the supplier that offers the best Value for Money. The two purchasing methods are:
- (1) Member pays cash for item and claims reimbursement.
  - (2) Bunnings, Hot Chilli Engraving and High Impact Teamwear will invoice the Club. Bunnings will need to see a purchasing card that has been issued to a limited number of Club members.
- g. **Step 6 - Acquit the purchase.** A Request for Purchase/Reimbursement (Form 03) is to be submitted to the Treasurer as soon as practicable after

each purchase, including those made on credit. Quotes, receipts and other relevant paperwork are to be attached. Amounts that are within monthly budget of a Coordinator will be reimbursed promptly, rather than the purchaser having to wait until after the next Committee meeting.

Reimbursement of purchases that would cause a Coordinator to exceed the monthly budget will be deferred for later payment.

7. **Petty cash.** Petty cash advances may be made to individuals. They are to maintain a record of their transactions including receipts and payments for audit by the Committee.
8. **Purchasing checks.** The Committee will conduct the following checks to ensure that the Club's purchasing and finance processes are robust:
  - a. Purchases will not be reimbursed until a correctly authorised Request for Purchase/Reimbursement (Form 03) is provided, or they are authorised in the minutes of a Committee meeting.
  - b. Purchases will be checked for Value for Money. Purchasers that do not achieve this will be counselled by the Committee. Repeat offenders might have their purchasing privileges withdrawn.
  - c. Petty cash advances will be checked at least twice per annum.
  - d. The Treasurer will present a financial statement to the Committee at each monthly management meeting.

## Railway Modellers' Club of Queensland Inc.

### Bylaw 20 – Reciprocal Clubs

#### Introduction

From time to time, the RMCQ has developed a mutually beneficial relationship with another club. This Bylaw provides a method of formalising such relationships.

#### Bylaw

1. The management committee shall grant and manage reciprocal club status to other clubs. Before granting or extending reciprocal status, the committee is to ensure that RMCQ members shall be entitled to similar benefits at the reciprocal club. Reciprocal club status may be granted for up to a three-year period. At the end of that period, where appropriate, this may be extended for further up to three-year periods. The committee may revoke the reciprocal status of clubs and individual members of these clubs. The committee is to document all changes to reciprocal relationships in committee minutes. The Secretary shall inform reciprocal clubs of changes in their status.
2. Reciprocal club members:
  - a. shall be entitled to occasional use of the RMCQ facilities such as the layouts, workshops and catering.
  - b. where practicable, shall arrange their visits in advance, particularly when a group is visiting.
  - c. upon arrival shall report to a committee member, or where a committee member is not available, a Club member, and shall sign the attendance book.
  - d. shall vacate the RMCQ premises when an RMCQ club member with key access is not in attendance, unless prior arrangements have been made and a key issued temporarily.
3. Members of reciprocal clubs who use RMCQ facilities more than occasionally, are expected to join the RMCQ rather than continue to use the club facilities through the reciprocal arrangements.
4. Given that the RMCQ would normally welcome occasional visits from railway modellers from any location, reciprocal status of clubs would normally be conferred sparingly.
5. Reciprocal status is normally for clubs that are a long distance from the RMCQ clubroom. Although unusual, reciprocal status might be given to a local club or a club that is not a model railway club.

### Bylaw 21 - Persons who Require a Full-Time Carer

#### Introduction

The RMCQ supports in full the principles of the QLD Disability Services Act 2006 and other relevant legislation, and welcomes any person with an interest in model railways to visit the Club facilities and apply for membership to the Club if they want to join.

However, in recognition of the hazardous construction work often undertaken in confined spaces on Club premises and other general safety issues associated with Club activities, this By-Law is focused solely on the needs of a "Person Requiring A Full-Time Carer" to ensure that they can participate in all Club activities to the best of their abilities without a risk to themselves and other Club members.

**Rules of Association reference**      5(1)

#### Bylaw

1.   - b. The Person Requiring A Full-Time Carer will be accompanied by their recognised carer, e.g. parent, adult guardian or adult carer, at all times when on Club premises, including when travelling to and from Club activities.
  - c. The safety, care and well-being of the Person Requiring A Full-Time Carer is the sole responsibility of their recognised carer, e.g. parent, adult guardian or adult carer.
2. An adult Person Requiring A Full-Time Carer is entitled to join as an individual Ordinary, Senior, Associate or Country member. Should that person not be legally able to enter into an agreement, the application form is to be signed by a parent or legal guardian.
3. Where a front door key and access code has been issued, it is only to be used by a person who has demonstrated that they are competent with the club opening and closing procedures (see Bylaw 10).
